MATHEMATICS PLEDGE

Mathematics is my world. All mathematics problems are my friends and relatives. I love my Mathematics and I am proud of it's speed and accuracy. I shall always try to solve all the problems. I shall learn principles, formulas and all sums with happiness and treat every problem with respect. I shall mind all the chapters. To my maths and my teachers I pledge my devotion. In solving the sums and finding the answers alone lies my happiness.

Jai Mathematics
