ELOCUTION COMPETITION ON

*Ancient advances in Mathematics and their impact on
modern calculating system*

DEPARTMENT OF MATHEMATICS

mathematics@prgc.edu.in

An elocution competition for kids or students is an event where participants showcase their public speaking skills by delivering prepared speeches or reciting poetry. It is a platform for children to express their own well-being and improve their communication abilities, and gain confidence in speaking in front of an audience. Competitors are scored on qualities like clarity, articulation, voice modulation, emotion, and overall presentation during the competition. Elocution competitions are an excellent way for students to express their oratory talents.

Objectives of Elocution Competitions:

1. Enhancing Communication Skills:

Elocution competitions aim to improve participants' ability to communicate effectively. By participating, students can learn to express their thoughts clearly, use appropriate vocabulary, and develop public speaking skills..

All activities conducted at PRGC(A), are prepared with the intention of boosting a student's profound communication and speaking skills. So, enroll in our college and let your child enjoy the best education facilities and resources.

2. Building Confidence:

Public speaking can be intimidating for many individuals, but participating in elocution competitions helps students overcome their fear and build self-confidence. Regular practice and exposure to a supportive audience can greatly boost their confidence levels.

At PRGC(A), we pay utmost attention to activities that help build the confidence and learning skills of our students. To know more about our college, visit our website.

3. Developing Articulation and Pronunciation:

Elocution competitions emphasize the importance of clear articulation and proper pronunciation. Participants learn to enunciate words correctly, leading to better communication skills in general.

4. Encouraging Creativity:

Elocution competitions allow students to express themselves creatively through innovative speeches or readings. It pushes kids to think critically, do research, and communicate their ideas in an original and captivating way.

With many years of experience in teaching, our experts are well-trained to help students boost creative thinking and confidence. Let your child explore their creative potential to the fullest with our college.

5. Improving Presentation Skills:

Participants learn about successful presentation techniques such as body language, facial expressions, and voice modulation. These abilities are useful in a variety of professional and personal situations.

Conclusion:

At P.R.Govt.College(A), we believe that elocution competitions provide a valuable platform for students to develop their skills. By following the rules, focusing on the objectives, selecting engaging topics, and referring to more elocution examples, competitors can foster personal growth, critical thinking, and appreciation for the power of effective communication.

Notice to Students
