Road safety is very important because these days road accidents are increasing tremendously. Vehicles on roads are increasing but most of us simply break the rules. These accidents leads to injuries and sometimes it can destroy some lives too. So, awareness of traffic rules and signals is very essential in our lives. Awareness is not only enough. We **MUST OBEY** it.

Important Road Safety Tips are

- **Do not drink and drive**
- **Keep a safe distance from vehicles!**
- **Buckle up before you drive**
- **Do not drive on the wrong side**
- **Always wear a helmet!**
- **Always give an indicator while changing lanes**
- **Drive within the speed limits**
- **Don't use mobile phones while driving.**
- **Do not jay walk. Cross the road safely and use the zebra crossing**
- **Be patient while driving!**
