

ISRO 100th Rocket Mission (i.e., GSLV-F15, NVS-02 Satellite) celebrations

Date: 30-01-2025

The department of Physics and electronics celebrated the success of ISRO's 100 rocket mission on 30th January 2025.

The staff and the students gathered in the science Park of Pithapur Raja's college at 3:30 p.m. Dr.B.V.Tirupanyam, principal of the college presided over the program.

In his opening remarks he explained the basic Physics behind the rocket launch and also spoke about the history and journey of ISRO. He also encouraged and instructed students to pursue their career in the field of space physics.

All the second year physics (H) & mathematics (H) students participated in the program.
