PARENT – TEACHER MEETING

28 AUGUST 2025

Parent-Teacher Meeting

The main objective of Parents- Teachers Meeting, is **to assist parents in understanding child's progress at college and find solutions to academic or behavioral problems, if any.**

Parent-Teacher Meetings (PTM) are playing a huge role in shaping a child's educational journey and future academic success. Parents know their children's habits, difficulties and skills like no other. Teachers act as children's second parents and observe them for hours every day in the classroom. When teachers and parents develop a strong bridge to help the child excel, it can create wonders. A parent-teacher meeting is a perfect way to discuss the child's progress, the best ways to help the child, and exchange insights and thoughts about the child's developmental milestones and academic progress.

The parents-teacher meeting is the key component in college education because parents get an opportunity to connect with the teachers and discuss about the academic progress of their child and to develop strategies to support their child's learning ability. Parents-teacher meeting is essential to fostering a successful educational experience for children. This article will talk about the importance of parent's teacher meeting and offer tips for parents to make the most of these meetings.

The parents-teacher meeting provides a chance for parents to look deep into their child's academic progress, strengths, and areas for improvement. During the parents-teacher meeting, teachers provide parents with crucial insights into their child's performance in the classroom and accordingly suggest strategies to support their learning ability.

The meeting also provides an opportunity for parents to share their concerns or questions about their child's education. This two-way communication helps ensure that parents and teachers are on the same page and can work together to support the child's academic progress.

A parent-teacher meeting is a great opportunity to:

- share academic progress and growth based on classroom observations, testing data, assessments, portfolios, and assignments.
- learn from parents or guardians so you can be better informed about students' strengths, needs, behaviors, and learning styles.
- discuss enrichment or intervention strategies to support students' learning.
- discuss issues that may be interfering with students' learning and growth.

Objectives of the Activity:

- To enhance communication and partnership between college and parents.
- To review and discuss the progress of students in academics, attendance, discipline, and co-curricular activities.
- To identify individual student needs and provide personalized guidance.
- To receive feedback from parents for better functioning of the college system.
- To involve parents in decision-making for their child's academic and overall growth.

Outcomes of the Parent–Teacher Meeting

1. Better Understanding of Students' Progress

- Parents received a clear picture of their wards' academic achievements, strengths, and areas needing improvement.
- Teachers were able to highlight individual student performance with evidence from recent assessments.

2. Improved Parent–Teacher Collaboration

- Stronger communication links were established between parents and teachers.
- Parents felt more connected to the teaching–learning process and committed to supporting the institution's efforts.

3. Focus on Discipline and Regularity

- Emphasis was laid on attendance, punctuality, and classroom behavior.
- Parents assured their cooperation in maintaining discipline and ensuring timely attendance of their wards.

4. Guidance for Future Academic Planning

- Students received direction for career pathways, subject choices, and preparation for higher studies.
- Parents understood how to support their children in goal setting and time management.

5. Holistic Development of Students

- Importance of co-curricular activities, skill development, and personality growth was discussed.
- Teachers and parents agreed to encourage students in both academics and extracurricular pursuits.

6. Addressing Concerns and Suggestions

- Parents were able to raise specific concerns and receive direct responses from teachers.
- Constructive suggestions (extra classes, focus on communication skills, ICT-based teaching, etc.) were noted for implementation.

7. Strengthened College–Home Partnership

- The PTM reinforced that student success depends on consistent efforts from both parents and teachers.
- The meeting-built trust and accountability, ensuring that students receive continuous guidance both at home and college.

Programme Report

The Parent–Teacher Meeting (PTM) was organized on **28 th AUGUST 2025** at **Srinivasa Ramanujan ICT lecture hall** under the supervision of in-charge HOD of Mathematics department. The objective of the meeting was to strengthen the partnership between parents and teachers by discussing students' academic performance, discipline, and future growth. A large number of parents participated actively, making the meeting highly interactive and fruitful.

Proceedings of the Meeting

1. Welcome Address:

The session began with a warm welcome by the Head of the department, who emphasized the importance of regular communication between parents and teachers. The need for joint efforts in ensuring students' academic excellence and personal development was highlighted.

2. Discussion on Academic Progress:

Class teachers and subject teachers shared the performance of students in the recent assessments. Achievements of high-performing students were appreciated, while areas requiring improvement were pointed out. Teachers suggested remedial measures such as extra practice, regular homework completion, and active classroom participation.

3. Review of Attendance, Punctuality, and Participation:

Attendance records and punctuality were reviewed. Teachers encouraged parents to ensure their wards maintain regular attendance and timely submission of assignments. Participation in co-curricular activities like sports, cultural programs, and competitions was also discussed, as these contribute to holistic development.

4. Guidance for Academic Planning and Personal Development:

Teachers offered guidance for students' future academic pathways, including subject selection, preparation for higher education, and career planning. Special emphasis was placed on time management, discipline, and the development of communication and leadership skills. Parents were encouraged to support their children in maintaining a balance between academics and co-curricular activities.

5. Parent–Teacher Interaction Session:

Parents were given the opportunity to interact individually with subject teachers. Concerns regarding academic progress, learning difficulties, behavior, and classroom engagement were discussed. Parents provided valuable feedback, suggesting initiatives like more focus on spoken English, ICT-based learning, and remedial classes for slow learners.

Highlights of the Meeting

- Open and constructive communication between parents and teachers.
- Teachers assured parents of continuous monitoring and support for students' academic improvement.
- Parents appreciated the college efforts in maintaining discipline and providing a conducive learning environment.
- Suggestions given by parents were noted for future implementation.

Outcomes

The PTM successfully met its objectives. It strengthened the bond between college and home, enabling a joint approach for the progress of students. Parents expressed satisfaction with the teaching standards, discipline, and extracurricular opportunities provided by the institution. Teachers assured their commitment to addressing individual student needs and maintaining regular communication with parents.

Feedback Report

- Majority of parents (96%) expressed satisfaction with the organization.
- Most parents (93%) felt they had sufficient time to interact with teachers.
- All parents agreed that the academic progress information was clear and useful.
- Parents are highly satisfied with academics and discipline, while co-curricular participation needs more focus.
- 88% of parents are happy with their child's overall growth.
- Communication was rated highly effective by most parents.
- The college is approachable and open to discussions.
- Parents strongly appreciated teachers' support and guidance.
- Priority areas identified: academic excellence, discipline, and holistic development.

Conclusion

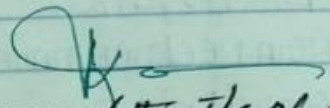

The feedback indicates that the PTM was successful, with parents expressing high levels of satisfaction regarding the organization, communication, and teachers' support. Focus areas suggested include strengthening academic excellence, discipline, technological skills, and career guidance to ensure overall student development.
