

# Observation of National Microwave Oven Day

Event date: 06 -12- 2022

The department of Physics & Electronics observed the National microwave oven Day on 6.12.2022 with seminars of students. Department in charge, SriU.V.B..B.Krishna Prasad gave an elaborated talk in explaining the wave spectrum and applications of micro waves in various fields. All the first year students are made to participate in the event and to be aware of the micro waves as it was a part of syllabus of skill development course, "Electrical Appliances". Seminars were engaged by the second year electronics students on applications of micro waves.
