### ***Brief Report of the Activity***

International Human Rights Day is celebrated every year on December 10th to commemorate the adoption of the Universal Declaration of Human Rights (UDHR) by the United Nations General Assembly in 1948. The UDHR is a milestone document that sets out the fundamental rights and freedoms that all human beings are entitled to, regardless of their race, sex, nationality, ethnicity, religion, or any other status. The UDHR has been translated into more than 500 languages and is considered to be the most translated document in the world. It has been the inspiration for many national and international human rights laws and instruments. The theme for International Human Rights Day 2023 is "Equality, justice, and dignity for all". This theme highlights the importance of ensuring that all people are treated equally and with dignity, regardless of their race, sex, nationality, ethnicity, religion, or any other status.
