Respected Sir,

Sub: Request for Permission to Conduct a National Seminar – by the departments of Physics & Electronics, Mathematics, and Computer Science & Applications – reg.

We submit this letter seeking your kind permission to conduct a National Seminar at our college, jointly organized by the Departments of Physics & Electronics, Mathematics, and Computer Science & Applications.

The proposed seminar aims to provide a common academic platform for faculty members, research scholars, and students to exchange ideas, share recent developments, and promote interdisciplinary research in science and technology. The event is intended to enhance academic exposure, research orientation, and institutional visibility at the national level.

We kindly request you to grant permission and extend your support for organizing this National Seminar. A detailed proposal including the theme, date, budget, and organizing committee will be submitted for your approval.

We shall be highly grateful to you for your kind consideration and encouragement.

Thanking you Sir.

Yours faithfully,

HODs of

Sub-Themes

Computer Science & Applications

- Artificial Intelligence and Machine Learning
- Cloud Computing and Edge Computing
- Cyber Security and Ethical Hacking
- Blockchain Technology and its Applications
- Software Engineering and Agile Methodologies
- Web and Mobile Application Development

Physics and Electronics

- Renewable Energy Modeling and Simulation
- Materials Simulation in Nanoscience
- Quantum Computing Simulations
- High Performance Computing for Optical Systems
- Plasma Physics and Fusion Modeling
- Computational Methods in Physics

Mathematics

- Recent Trends in Numerical Methods
- Computational Fluid Dynamics

Call for Papers: Academicians, Policymakers, Industry experts, Entrepreneurs, and Students are invited to present original research Articles, Review Articles, Case studies, and Short Communications relevant to the seminar themes.

Publications: Selected papers will be published in ISSN Peer Reviewed Journals. Maximum Authors Five. Registration compulsory for all.

Communicate your Articles on icst@pge.ada.in by 15th January 2026. Published book will be released in the inaugural session.

about Pithapur Rajah's Government College (A)

Established in 1884, Pithapur Rajah's Government College (Autonomous) has distinguished itself in providing quality higher education in Andhra Pradesh. The institution was accredited with a B++ grade in its 4th NAAC cycle in 2024. With a legacy spanning over 139 years, the college has earned several accolades, including the 'College with Potential for Excellence (CPE)' status granted by the UGC in 2019, and the attainment of autonomous status in the academic year 2000-2001.

The college strives to fulfil its vision of nurturing globally competent graduates. With its outcome-based and student-centric framework, supported by robust ICT infrastructure, the institution has enabled students to pursue higher education and secure employment in both government and private sectors. Innovative pedagogy, research-driven teaching, and experiential learning, adopted by dedicated faculty members, characterize the institution's academic culture. A recognized Research Centre further fosters research aspirations among students.

Theme of the NATIONAL SEMINAR

The National Seminar on "Computational Innovations in Science and Technology" aims to provide a comprehensive platform for academicians, researchers, scientists, and industry professionals to deliberate on recent advancements in computational approaches across multidisciplinary domains. The seminar emphasizes the transformative role of computation in solving complex scientific, engineering, and mathematical problems.

With rapid developments in Artificial Intelligence, Machine Learning, Cloud and Edge Computing, Cyber Security, Blockchain Technologies, and Software Engineering, computational tools are reshaping modern Computer Science applications. Simultaneously, breakthroughs in Physics and Electronics, such as renewable energy modeling, Nano-materials simulation, quantum computing, and high-performance computing, highlight the growing reliance on simulation and numerical techniques.

The seminar also underscores the significance of Mathematical modeling, numerical methods, and computational fluid dynamics as foundational pillars for scientific innovation. By fostering interdisciplinary interaction, this seminar seeks to promote knowledge exchange, collaborative research, and the development of computational solutions that address real-world scientific and technological challenges.

It is to inform that the Principal, PR Government College (A), Kakinada vide the letter cited in the reference submitted that the college is organizing One-Day National Seminar titled 'Computational Innovations in Science and Technology (CIST-2026)' on 24th January, 2026. It is further informed by the Principal that the seminar aims to provide a comprehensive platform for academicians, researchers, scientists and industry professionals to deliberate on recent advances in computational approaches across multidisciplinary domains.

In this Connection, the Principal, PR Government College (A), Kakinada requested the CCE to sanction ON-DUTY to the participants from Government Degree Colleges who are going to participate in the national seminar.

In the circumstances stated above, the Commissioner of Collegiate Education A.P Mangalagiri, hereby permits the Principals of Government Degree Colleges in the state to sanction "ON DUTY" to the lecturers who are going to participate in the One-Day national seminar on 'Computational Innovations in Science and Technology (CIST-2026)' proposed to be organized by PR Government College (A), Kakinada on 24th January, 2026. The absence of the participants on the above date shall be treated as On-Duty on submission of Attendance Certificate issued by the organizers of the seminar.

REPORT OF NATIONAL SEMINAR ON

“COMPUTATIONAL INNOVATIONS IN SCIENCE & TECHNOLOGY”

Date: 24 January 2026

Venue: P.R. Government College (A), Kakinada

Organized by: Departments of Computer Science & Applications, Mathematics and Physics & Electronics,

1. Introduction

P.R. Government College (A), Kakinada successfully organized a **One-Day National Seminar on “Computational Innovations in Science & Technology”** on 24 January 2026. The seminar was conceived as an interdisciplinary academic platform to bring together academicians, researchers, and students from diverse branches of science and technology to deliberate on recent advances, emerging computational techniques, and their applications in solving real-world problems.

The seminar aimed to promote research culture, encourage interdisciplinary collaboration, and expose faculty members and students to cutting-edge developments in computational science, data-driven technologies, and modern analytical tools.

2. Objectives of the Seminar

The primary objectives of the seminar were:

- To provide a common forum for academicians and researchers to share recent developments in computational science and technology.
- To encourage interdisciplinary research and collaborative thinking across Mathematics, Physics, Electronics, and Computer Science.
- To familiarize participants with emerging computational tools, models, and methodologies.
- To motivate students and young researchers towards innovative research and problem-solving approaches.
- To document and disseminate scholarly contributions through the release of seminar proceedings with an ISSN number.

3. Inaugural Session (10:15 AM – 11:20 AM)

The seminar commenced with the **Inaugural Session**, which set an inspiring and scholarly tone for the entire event.

Inviting the Dignitaries

The dignitaries were formally invited onto the dais, marking the beginning of the

inaugural proceedings.

Prayer Song

The session began with a soulful prayer song by Ms. Lohitha & K. Bhagya Sri invoking blessings for the successful conduct of the seminar and intellectual enrichment of all participants.

Lighting of the Lamp

The traditional lighting of the lamp symbolized the dispelling of ignorance and the pursuit of knowledge through scientific inquiry. Principal, Chief guest, Convener and all the other dignitaries on & off the dais has been participated in lighting of the lamp.

Presidential Opening Remarks

Dr. K. Anjaneyulu, Principal, P.R. Government College (A), Kakinada, delivered the presidential address. He emphasized the importance of computational innovations in contemporary scientific research and highlighted the role of higher education institutions in fostering innovation, critical thinking, and research excellence.

Address by the Seminar Convener

The Seminar Convener, **Dr. K. Jayadev**, Head, Department of Mathematics, outlined the theme, objectives, and relevance of the seminar. He underlined the need for interdisciplinary approaches and computational thinking in addressing complex scientific and technological challenges.

Address by the Joint Director, CCE

Dr. C. Krishna, Joint Director, Commissionerate of Collegiate Education, conveyed his best wishes and appreciated the initiative taken by the college in organizing a national-level academic event that integrates multiple disciplines.

Release of Journal Proceedings

A significant milestone of the seminar was the **release of the Journal Proceedings with ISSN number**, marking the first-ever journal release in the history of the institution during a seminar.

This achievement reflects the institution's commitment to quality research and scholarly dissemination.

Chief Guest's Address

The Chief Guest, **Sri Chaitanya Murali, Deputy Commissioner, Prohibition & Excise**, addressed the gathering and highlighted the growing importance of technology and computational tools in governance, administration, and public services. He encouraged students to leverage scientific knowledge for societal development.

Keynote Address

The keynote address was delivered by **Dr. E. Damodar Reddy, Associate Professor, NIT Goa**. His talk provided deep insights into recent computational innovations, research trends, and future directions in science and technology, inspiring participants to pursue advanced research.

4. Technical Sessions

The technical sessions formed the academic core of the seminar, featuring expert lectures by eminent scholars from premier institutions.

Technical Session I (11:30 AM – 12:30 PM)

Resource Person: Dr. E. Damodar Reddy, NIT Goa

This session focused on advanced computational methodologies and their applications in scientific research. The speaker elaborated on theoretical concepts, practical models, and current research challenges.

Technical Session II (12:30 PM – 1:15 PM)(Online)

Resource Person: Dr. B. Hema Sundar Raju, NIT Silchar, Assam

The session highlighted computational techniques in engineering and applied sciences, emphasizing simulation, modelling, and data analysis.

5. Poster and Oral Presentations (2:00 PM – 3:00 PM)

The **Poster and Oral Presentation Session**, held at LCD Hall-I, provided a valuable platform for students and researchers to present their research findings. Participants showcased innovative ideas, experimental results, and computational models. The session encouraged academic interaction, critical feedback, and knowledge exchange.

6. Afternoon Technical Sessions

Technical Session III (2:00 PM – 2:45 PM)

Resource Person: Dr. G. V. S. R. Deekshitulu, JNTU Kakinada

The session focused on emerging trends in computational technologies and their interdisciplinary applications.

Technical Session IV (2:45 PM – 3:30 PM)

Resource Person: Dr. Maruthi Manoj B, IIT Kharagpur (Online)

This lecture provided insights into advanced research areas, modern computational frameworks, and innovation-driven research.

Technical Session V (3:45 PM – 4:30 PM)

Resource Person: Actually, Prof. Suresh Varma, Adikavi Nannaya University, Rajamahendravaram has to take the technical session V. But unfortunately, he had emergency official work by that time. So he couldn't make it this time. His session was taken up by another Speaker cum Chief guest for Valedictory session, Dr Kada Venkata Ramana, Radiologist, Satya Scan Diagnostics, Kakinada. In his address, Dr Ramana told how the Instruments in Laboratory rely on Computations and its applications. He explained the various techniques of computation, which were used by different instruments

7. Valedictory Session (4:30 PM – 5:30 PM)

Seminar Report :The **Seminar Report** was presented by **Dr. M. Surekha**, Organizing Secretary, summarizing the objectives, proceedings, and outcomes of the seminar. In her report She told that 44 papers have been published in the Journal with ISSN No and more than 230 participants have been registered for the seminar.

Valedictory Address

The Valedictory Address was delivered by **Dr. Kada Venkata Ramana**, who appreciated the organizers, speakers, and participants for making the seminar a grand success and encouraged continued academic engagement.

Feedback, Distribution of Certificates and Prizes

Participants shared their valuable feedback, expressing satisfaction with the academic content and organization. Certificates and prizes were distributed to participants and presenters.

Vote of Thanks

The Vote of Thanks was proposed by **Smt. P. Jyothi**, acknowledging the contributions of dignitaries, resource persons, organizers, sponsors, and participants.

The seminar concluded with the **National Anthem**, followed by disbursement.

8. Outcomes of the Seminar

- Enhanced awareness of recent computational innovations among faculty and students.
- Promotion of interdisciplinary research and academic collaboration.
- Motivation for students to pursue research-oriented learning.
- Successful publication and release of seminar proceedings with ISSN.
- Strengthening of the institution's academic and research profile.

9. Conclusion

The National Seminar on “Computational Innovations in Science & Technology” was conducted successfully and achieved its intended objectives. The event served as a valuable academic forum, fostering knowledge sharing, innovation, and research excellence. The seminar stands as a significant milestone in the academic journey of P.R. Government College (A), Kakinada.

National Seminar
on
Computational Innovations in science & Technology
(CIST-2026)

The department of Mathematics, physics & Electronics, computer science and computer Applications is organizing a one-day National seminar on "Computational Innovations in science & Technology (CIST-2026)" on 24 January 2026 at LCD Hall - II at 10.00 AM.

This seminar aims to provide a platform for academicians, researchers and students to explore and discuss these cutting-edge developments. It also seeks to promote interdisciplinary collaboration across the departments of Mathematics, physics, Electronics, computer science and computer Applications.
