PROJECT:

[E-Commerce Website Development]

[February, 2023]

Objective: Created a fully functional e-commerce website as part of a web development project.

Technologies Used: HTML, CSS, JavaScript, SQL Server

Description: Built a responsive website featuring product listings, shopping cart functionality, and user authentication. Integrated a database to manage product inventory and user data.

Outcome: Successfully deployed the website with user-friendly navigation and secure payment gateway integration, leading to a comprehensive understanding of full-stack web development.
